It's hip, it's hot and at the center of all the latest trends. Just as the Soho neighborhood in New York has attracted the most sophisticated artistic professionals from around the world, Mediterranea has created the Soho porcelain tile series, befitting this urban mecca of the 21st century. Soho by Mediterranea delivers on everything that the hottest design district in Manhattan represents.

By drawing upon the traditional urban look of ages past, Mediterranea's Soho series delivers an unmistakably modern vibe to any residential or commercial enclave. Produced in the USA in a stunning 18" x 36" format, Soho utilizes Mediterranea's Dynamic HD Imaging™ technology to offer a minimalist cement look in a selection of colors demanded by today's design community. Featuring a color palette of Graphite, Mocha, Taupe and Grey, Soho impeccably captures the true modern look of today's urban landscape.

Soho offers a modern, minimalist look that's just as much at home in a suburban living room as it is in a converted loft in Lower Manhattan. Think big - and connect the traditional with the modern with Soho by Mediterranea.
